Friday afternoon as Mr. and Mrs. Robert Shields were driving in their auto on Main St. Mr. Shields gave his wife charge of the wheel while he put on a pair of gloves. Mrs. Shields who was thrown in front of her husband by the shock of the collision and received some severe cuts and bruises. It was for some time thought that she was seriously hurt. Mr. Shields was somewhat bruised and shaken up.

Rains Again Do Damage

The heavy rains of the past week caused very high waters in all streams and for the third time within a few weeks the water was in the streets and some of the houses in Farmers, Salt Lick and Wyoming. Saturday night there was a landslide on the Preston pike at the "narrows" near the old furnace stack, which took most of the day Sunday to remove so travel could be resumed. On the C. & O. railroad a short distance east of Preston dirt and rocks caved in closing the cut at that place obstructing trains for several hours. The mails from all points of the country were delayed and many other inconveniences caused by the high waters.

A letter to Felix Warren from his nephew Theo. Funston, a former resident of Bath county, who left here 52 years ago, says that he is now a resident of Paris, Lamar county, Texas, and, although 80 years old, is still a preacher of the Gospel. He inquires about a number of friends most of whom have long since crossed the Great Divide. Some of the older people will remember the Funstons who lived in the Olympia neighborhood, but who left here for the West about 1860.

As positive proof that Bath county's tobacco crop is far below the average, in the White Oak neighborhood farmers are combining in order to have a truck load taken to market. The Supreme Court Monday failed to pass on the validity of war-time prohibition and set no date for doing so. Meanwhile that fatal day in January is approaching.

FARM FOR SALE

Has good fence all around it and is all in grass except 20 acres. Anyone desiring to look at this farm see N. A. Moore, who lives on it and he will show you around. S. C. BASCOM, Millersburg, Ky.

JAMES HARPER

James Harper died suddenly and without warning of apoplexy at his home in Catlettsburg Wednesday morning. Jas. D. Harper was a son of Dan Harper and wife and was reared near this place and resided with his father until his marriage to Miss Cassidy, a daughter of Madam Cassidy, after which he made his home near Stepstone for a number of years when he went to Mt. Sterling and engaged in business. Leaving that place he went to Catlettsburg, where he and his family have made their home ever since.

Jas. Harper was the oldest child of Dan Harper, deceased, and is survived by his wife and son W. C. Harper, of Catlettsburg, one brother, Walter Harper, of Mt. Sterling, and one sister Mrs. C. S. Ratliff, of near Owingsville. He was well known here and was always assured of a warm welcome by a host of friends at his old home. He was a good citizen, upright in all his dealings, affable and courteous to all and jovial when with his friends. His death is a distinct loss to his community. He was buried in the Owingsville cemetery, funeral services being conducted by Bath Lodge of Masons, of which organization he had long been a member, always maintaining his membership here no matter where he lived.

COUNTY COURT

There was but a small crowd at county court Monday, a good many people staying at home to strip their tobacco, while many others attended the livestock market at Mt. Sterling. There were none but young cattle and a few cows offered for sale and those that sold brought prices lower than the same kind of stock brought last court day. Some good young cattle were offered for sale to the highest bidder, but had to be taken down for want of bidders. Judge Crooks bought a bunch of heifers at 7 3/4c a pound and Eugene Brothor sold some cows at about \$65 each. You could hardly get a man to talk about anything but tobacco.

LYCEUM COURSE

The Lyceum Course under the auspices of the Owingsville High School will give its first number on Tuesday Evening, December 16th, in City School Chapel at 7:30 o'clock.

A splendid course has been contracted for, one that comes recommended as containing some of the best talent in the Lyceum field this season. There will be FOUR numbers from Dixie. These two young women through their life-long association with the stories and folk songs of the South, bring the best of these to the lyceum and offer a program of great originality and charm.

MISS BALDRIDGE is a soprano whose voice is equally pleasing in operatic and the sympathetic home songs. Her stories of Negro life are original and she tells them in a delightfully wholesome and natural manner.

MISS MURPHY sings charmingly, her voice being of a clear flute-like quality, and she, with Miss Baldridge, offers delightful duets. In addition, Miss Murphy plays violin and specializes in child stories and dialogues.

THE DIXIE GIRLS WEAR THE COSTUMES OF THE "BELLES OF '60". You will be delighted alike by their appearance and their artistry. DO NOT FORGET THE DATE, TUESDAY, DEC. 16, 1919.

See Prof. Martin and get your season tickets. You will always find him at his office in City School Building. Those who have already engaged SEASON TICKETS will please call at Prof. Martin's office and get their right away and thus you will avoid the rush and have the choice of the best seats.

Tobacco Averages Good

Prices at the opening sales of the loose-leaf tobacco market at Mt. Sterling were satisfactory with an upward tendency. The Robertson warehouse sold 22,275 pounds at an average of \$42.29, the highest crop average being \$69.54. The Farmers house sold 78,580 pounds at an average price of \$43.68, highest crop average being \$80.35. The Whitehall sold 29,120 pounds at an average of \$44.50, highest crop average \$49.31. The Mt. Sterling papers report that the tobacco offered was generally of low grade.

At Lexington the average at opening sale was \$58 a hundred, one crop of 18,000 pounds selling for \$18,000. Cynthia reports the highest price paid at \$1.25 a pound.

NOTICE TO SUBSCRIBERS.

We have been notified by the Western Newspaper Union, from whom we buy the paper on which the Outlook is printed, that beginning Dec. 1, the price of the paper for each issue would be increased 60 per cent. While we regret the necessity this makes it imperative for us to increase the subscription to the Outlook from its present price of \$1.25 to \$1.50 a year or print the paper at a loss, and this latter we do not feel able to do. The aggregate loss would be considerable while the increase to individual subscribers would be but a trifle. Therefore beginning Jan. 1 the price of the Outlook will be \$1.50 a year or 75c for 6 months.

Last Notice To Taxpayers.

People who have not paid their taxes must call at once and settle by the 1st of January. If not paid by that time, will advertise and proceed according to law. W. A. BOYD.

At the sales Monday, Dec. 8, the quality was somewhat better, the Robertson house selling 19,000 lbs. at an average of \$48.05 and the Farmers selling 125,000 pounds at an average of \$57.

Ford
THE UNIVERSAL CAR

Out of the more than 3,000,000 Ford cars now in use, about sixty per cent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living, and by the same token the Ford Touring Car has brought just as much pleasure to the residents of the towns and cities, because it is an every day in the year utility, answering the demand of quick transportation at low expense. A family car without an equal in low cost of operation and maintenance. We solicit your order for one. We have the full line of Ford cars. We carry the genuine Ford Parts, and assure you the best in mechanical service and the most reasonable prices.
